Calzone

Pizza calzone originated in Naples, where a clumsy but famous chef folded a pizza when putting it in the oven. One half attached to the other. So that's the story about Pizza Calzone, which means „trouser leg pizza“.

You can try 5 variations here: Calzone (29), Folded (21), Paolo (36), Sandwich (30), Caorle (46) or Ermellino (47), which is tuned by a plenty of vegetables with a dressing in our kitchen..
